

**PRODUCT SPECIFICATION SHEET**

**Product Name: Wheat Grain (Whole Wheat)**

**Product Description**

Indian Wheat Grain is premium-quality whole wheat sourced from selected farms and processed under hygienic conditions. It is widely used for flour milling, bakery products, food processing, and direct consumption. The grains are clean, sound, mature, and suitable for domestic and international markets.

**Product Specifications**

| Parameter              | Specification                                |

| Live Insects           | Nil                                          |
| Infestation            | Nil                                          |

|            |                                                   |
|------------|---------------------------------------------------|
| Odour      | Fresh, Natural, Free from Foreign Odour           |
| Protein    | Minimum 11–12% (variety dependent)                |
| Shelf Life | 12–24 Months under recommended storage conditions |

### Quality Features

- Premium Export Quality
- Hygienically Cleaned
- Machine Cleaned & Graded
- Uniform Grain Size
- Free from Live Insects and Infestation
- Suitable for Flour Milling
- Suitable for International Export

### Packaging Options

- 5 kg
- 10 kg
- 25 kg
- 50 kg
- PP Bags
- HDPE Bags
- Jute Bags
- Bulk Packaging
- Private Label Packaging Available

### Storage Conditions

Store in a cool, dry, clean, and well-ventilated warehouse. Protect from moisture, direct sunlight, pests, and strong odours.

**Aleesas Global Exims**

### Applications

- Flour Milling
- Bakery Industry
- Food Processing
- Wholesale Distribution
- Retail Packaging
- International Export

**Country of Origin: India**
